Dear Harold:

I recall from your book Post Mortem of the trouble you had in having the National Archives make special prints of the clothing of JFK.

I was informed along with a copy of Revision 3 of the "Regulations Concerning Procedures for Reference Service on Warren Commission and Related Items of Evidence" dated 13 March 1972.

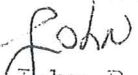

This request may be unusual, and I will understand should you decide not to turn over the documents I am requesting, but I wish to seek from you all correspondence between you and the Archives, Burke Marshall, affidavit of lawsuits and so forth.

I hope to lean on the Archives through Marshall and Senator Kennedy if deem necessary to obtain additional photo's before they no longer exist. Thank you.

I am also inquiring if you have any info on the following two subjects: GRODEN NOVEL: LUIS ANGEL CASTILLO.

I be more than willing to pay for cost of copying and time.

Sincerely,
